Dear All:
Our paper has been accepted by ASEENCS2014. Thank you for all your contributions. I will make final changes
and submit the final version.

Jared

Subject: ASEENCS2014 notification for paper 35-- Accepted
To: Jared Oluoch <jooluoch@oakland.edu>

Dear Authors,
Your paper is accepted for ASEE NCS conference. Kindly look at the comments from the reviewers. Some
papers have comments from 2 reviewers. Some papers have comments from 1 reviewer and the 2nd reviewer
might not have commented. Some papers have Zero comments.
Read the review and make changes to your paper as you feel fit. Submit the final paper after a thorough
checking in the correct Format at the web site and mark as FINAL SUBMISSION. Marking as Final document is
important. Do it before March 10.
If you have questions, send a email with your paper number to: ganesan@oakland.edu
I can access your paper by the paper number and not by authors name.
You can register for the conference at the web site. Early Registration saves you money.
Look forward to seeing you all at the conference.
With Best Regards

Professor Subra Ganesan

--------------------- REVIEW 1 --------------------
PAPER: 35
TITLE: Simulation Evaluation of Existing Trust Models in Vehicular Ad Hoc Networks
AUTHORS: Jared Oluoch, George Corser, Huirong Fu, Ye Zhu and Supeng Leng

OVERALL EVALUATION: 2 (accept)

---------- REVIEW ----------
This paper is well written and relevant. However, it tends to be more of a "technical paper" rather than a
"pedagogical paper".
